

## TECHNICAL DETAILS

### Benches GA (Wet area)

---

**This type is TÜV-certified and has the GS mark (tested for safety).**

#### Bench heights

Type: GA 01, GA 02, BA: approx. 450 mm

Type: GA 07, GA 09: approx. 450 mm,  
total height frame 1545 mm, hooks included 1670 mm.

#### Seat widths

Type: GA 01: 280 mm

Type: GA 02, GA 07, GA 09, BA: 380 mm

#### Construction

The bench frames are made of aluminium round profiles,  $\varnothing$  42 mm, and the bench crossbars of special aluminium profiles.

Adjustable glides without floor fastening serve as floor endings as standard or mounting plates for floor fastening at an extra charge.

For wall mounted benches 13 mm HPL brackets with rounded edges are used.

Wall connections by solid aluminium brackets.

#### Seats

13 mm water resistant HPL-Panels with coarse matt surface on both sides, from 600 mm length doubled to 26 mm.

#### Shoe rackets

consist of galvanised shelf profiles with black end caps and are available at extra cost.

#### Hookrail

Made of aluminium profile, 60 x 24 mm

#### Hooks

Hat hooks and double coat hooks made of 10 mm thick steel, powder coated in black.

#### Colours for panels

12 standard colours without surcharge  
and 18 special colours at extra cost.

#### Colours for profiles, hookrails and brackets

Anodized or powder-coated in 7 colours without surcharge.

**All corners, edges and hooks are rounded according to German Safety Regulations for wardrobes.**

#### Environmental Protection

We do not use materials containing PVC or asbestos.

Suitable for high demands in wet areas.
